

Please :

Please dad, listen to me.

Please dad, stop blowing up at me without any reason.

Please dad, stop punching me.

Please dad, listen when I shout out of pain.

Please dad, stop insulting me.

Please dad, stop humiliating me when you think I do something wrong.

Please dad, stop locking me in my bedroom everyday.

Please dad, look at the hell that you make me live.

Please mom, start looking at the injuries that he did to me.

Please mom, go out of this nightmare.

Please mom, call a helpful person.

Please mom, just help me.

To all the victims such as me, who suffer in silence and end up being destroyed.

And sometimes, they eventually die !

So please, actors and bystanders,

now, do anything to stop it and help the kids in danger.
