Why don't you talk to an adult ?

Why don't you try to make friends ?
Why do you let them harrass you ?
Why don't you share your ambition with them ?
Why don't you talk to an adult ?

Why don't you get closer with them ?
Why do you stay alone ?
Why do you let them destroy you ?
Why don't you talk to an adult ?

Why don't you change school ?
Why don't you go talk to them to stop the bullying?
Why don't you ignore them ?
Why don't you talk to an adult ?

I will always be here for you !
