

The Women 's Fears

Do you think it is normal ?
If she's scared to be lonely in the night.
Do you think it is normal ?
If someone wolf-whistled her in the street.
Do you think it is normal ?
If she always feels insecure.
Do you think it is normal ?
In her back, she hears steps.
Do you think it is normal ?
In the street, she runs away.
Do you think it is normal ?
He's close behind her.
Do you think it is normal ?
Because she doesn't answer to him.
Do you think it is normal ?
He whispers at her ear : " you're a slut "
Do you think it is normal ?
She has tears in her eyes.
Do you think it is normal ?
She is ashamed to be a woman.
Do you think it is normal ?
She's ashamed of her body.
Do you think it is normal ?
**A lot of women are victims of street

**A lot of women are destroyed because
